5. Once Blackstone is preheated, melt the remaining 3 Tablespoons of butter on the cooking surface.
6. Place the pork chops on the Blackstone in the melted butter..
7. Once there is a good char on the pork chops, about 4-5 minutes, flip it over to cook the other side. Cook for another 4-5 minutes.
8. Turn the heat down to medium then slide the pork chops together and cover with a dome and cook until internal temp of 145 degrees. Will take another 5-6 minutes depending on how thick your pork chops are.
